1. [redacted] Checked with Victor Zafra, OMB, about the status of comments on our retirement package. Zafra said that they had received comments from State Department and Civil Service Commission and they presented no problem. He has yet to hear from Treasury but will get after them next week. He is hopeful that he can give us clearance on the package in time for us to transmit it to Congress the first day it returns from the Labor Day recess. 25X1
